## It's official: 4 candidates for mayor

### Feature wine-taste

The Antioch park and recreation department, in conjunction with Kevin Kelly of Foremost Liquors in Orchard Plaza, is sponsoring a wine-tasting program at 7:30 p.m., on Monday, Feb. 21, at the Antioch fire station.

This program, for adults only, will present and discuss German white wines.

### 7 Candidates seek 4 trustee openings

Four men have decided to run for the part-time job of mayor of Antioch.

They are J. Irving Walsh, Henry J. Gillman Jr., Raymond P. Toft and Michael J. Haley.

The election will be Tuesday, Apr. 19. Mayor Robert C. Wilton is not seeking re-election because he is moving to Mundelein. However, he will continue to run Wilton's Electric Store on Antioch's Main St.

The deadline for filing for the April election was Monday at 5 p.m.

TOFT, WHO WAS Antioch's mayor for eight years, from 1965 to 1973, before losing to Wilton, was known to have his petitions filled but kept his filing a mystery until Monday afternoon.

Haley and Walsh are both village trustees and had announced they would be candidates for mayor. Gillman is a newcomer to local politics.

There also will be four trustee vacancies in the Apr. 19 election.

Haley, as a candidate for mayor, has filed a complete slate called the Citizens Action Party (CAP). Running for four-year terms are Ronald J. Cunningham and William H. Seemann, both incumbent trustees, and Donald H. Amundsen, chairman of Antioch's zoning board of appeals.

Running for a two-year term with the CAP is Judy Phillips, recently appointed to a trustee post after serving with Amundsen on the village planning commission.

Mrs. Phillips' opposition for the two-year term will come from Edgar Simonsen. Mr. Simonsen was Antioch's fire chief for many years and

## Seek federal funds

Local municipalities and townships are among the northeastern Illinois organizations whose applications for federal community development block grant funds have been approved by the Lake County Community Development Commission.

The Lake County board is expected to approve the application in April; then, on Apr. 28, the Northeastern Illinois Planning Commission will review the forms. The US Dept. of Housing and Urban Development, conducting the third year of the program, must receive all county applications by May 12.

Among the tentative allocations for future projects are:

Village of Antioch - \$36,828 to demolish or partially rehabilitate the Willowdale Dairy, 755 Corona Ave.

Township of Antioch - \$19,000 on a joint application with the village for a traffic control

superintendent of public works for 11 years.

**THE CAP'S CANDIDATES** for four-year terms as trustee, Amundsen, Cunningham and Seemann, will be opposed by independents Vern (Barney) Barnstable and Daniel J. Kasik.

Mr. Barnstable recently retired from Rittenhouse & Embree Lumber Co. (formerly Antioch Lumber) after working there for 31 years. He was a village trustee for eight years, 1965 to 1973, and is deputy chief of the Antioch fire department, of which he has been a member for 35 years.

He has lived in Antioch for 43 years at 1055 Spafford St.

**MR. KASIK WILL BE** making his first try for

public office. He has been a member of the Antioch fire department for 16 years and has been service manager for Lyons-Ryan Ford for the last 10 years. He has two daughters, Linda, a sophomore at Western Illinois University and Susan, a junior at Antioch High School, and one son, Mark, a sixth grader at the Antioch Upper Grade School.

**HUGO HOLBEK**, who recently won the election for Republican precinct No. 1 committeeman in Antioch, had circulated petitions for the position of trustee, but decided not to file because, he said, "at this time I have numerous other obligations and don't feel I would have adequate time to devote to the job of village trustee."

Marilyn J. Sterbenz, incumbent village clerk, is seeking re-election as an independent candidate. Shirley Gutowski, village treasurer, will run for clerk as a member of the Citizens Action Party.

## Saturday is deadline for VIP nominations

By BETTY HOPE

Have you nominated your 1977 Antioch V.I.P. candidate yet?

If not, time is short. Nominations must be received by 12 noon on Saturday of this week.

Nomination forms are available at St. Peter's rectory or the State Bank of Antioch. At the State Bank they are located above the deposit slips on the convenience islands.

**ON THE FORM** is a space for the name of your candidate, as well as room to list the reasons you are nominating him or her.

Your reasons will be the basis for the selection committee's decision. When the committee meets on Sunday, it will select the most deserving candidate based solely on the quality of the individual's service to the people of the Antioch community. The committee will not know the names of the individual candidates.

**THERE ARE MANY** people in the community who give freely and unselfishly of their time and talents to make the lives of our youth and our aged

Last year's V.I.P. was Herman Holbek, known around Antioch as "Mr. Rescue Squad."

(as well as those of us in between) a little bit richer. Surely you know someone who does. Won't you share your knowledge of that person and his or her deeds with us?

The 1977 Antioch V.I.P. will be honored at the ninth annual dinner-dance, sponsored by St. Peter's parish on Saturday, Mar. 19.

## The Town Crier

Only 363 shopping days until next Feb. 14

Men who can't remember birthdays and anniversaries couldn't have forgotten Valentine's Day if they had tried.

Everywhere we looked during the past week the world was a big red heart. There were constant reminders that Feb. 14 was coming and we'd better be ready.

Consequently, men got busy and went through the motions.

—A wife who wanted something sentimental got a new snow shovel.

—Another wife, hoping to fill a page in her scrapbook of tender memories, received a comic valentine.

In return:

—A husband who likes to think of himself as a real he-man received underwear with red hearts on it.

—And, another husband, who likes to think of himself as a lover, got a new snow shovel.

But those misdirected arrows of Cupid couldn't subtract from it. Valentine's Day again was one of our favorite holidays. It is the day on which birds begin to choose their mates. A day set aside for love.

Why, on Feb. 14, some wives even try not to nag.

Like most holidays, it is mainly for children. Little ones deal out valentines and love as if they were shuffling decks of cards.

Teachers in the lower grades have all they can do to conduct classes. To speed up the show, some teachers send notes to parents a week in advance, with such heart-tugging messages as:

"We will celebrate Valentine's Day at school on Wednesday, Feb. 14. If you wish to have your child share valentines with his classmates, please write 'From John' or 'From Mary' on the back—address them to no one in particular. This makes distribution more efficient. The children may bring their valentines to school in a bag Tuesday, Feb. 13.

"P.S. There are 26 children in the class."

If you think this assembly-line approach takes some of the meaning out of it, don't worry, the children won't notice. The important thing is to get back as many as they give out.

The whole production of Valentine's Day is mere trimmings, however. The heart of the matter is a homemade valentine, with a paper doily for lace and red construction

paper painstakingly scissored into a lopsided heart. The letters aren't very straight, but they obviously were printed with much effort and patience:

"I love you, Daddy."

PART OF THE FUN at the Thursday noon meetings of the Rotary Club of Antioch is contributed by the finemaster.

Each member gets his turn at fining other members for indiscretions, such as mentioning the name of a business.

Rev. Stephen Williams, now the club's president, once was fined for using "pastoral tones" in one of his brief talks. In other words, the fines aren't necessarily fair ... they're simply in fun.

Last Thursday Tom Kelly, the president of the Antioch Savings & Loan Association, got his turn at being finemaster and probably set a new Rotary Club record for ingenuity.

For example, he fined Lou Korum of the First National Bank of having "hair too long."

"Anyone who has hair longer than mine has hair that is too long," rationalized Kelly, a fellow of infinite wit.

Then he fined Bud Schichowski of Rittenhouse & Embree Lumber Co. for "forcing the finemaster (Kelly) to eat seven dishes of chocolate pudding after lunch."

Then Tony Starcevic of the State Bank of Antioch, who is building a new home, was fined for driving a road grader back and forth to work.

After that Dennis Johnson of Ashland Jewelers was fined for "misspelling names in the club's bulletin." Dennis, who has been an outstanding bulletin editor, has been spelling Kelly's name as Kelley.

Then Jim Hamlin and Bill Brook were fined for coming late to the club's recent fireside meeting and leaving early. (They probably were just trying to conserve heat.)

Stew Olson was fined for chewing tobacco during meetings. (Smoking cigars is okay ... Mr. Kelly smokes cigars.)

Bill Durell was fined for not wearing shoes at a meeting. Bill is an airlines pilot and maybe that is the only way to fly.

Vince Patla of the Brave Bull was fined by Kelly for "not having chocolate puddings often enough at Rotary meetings."

Then Jerry Pfarr of the Antioch News was fined for publishing the worst jokes in newspaper history. That was unkindest cut of all.

GENE ZANNINI, also a member of

Rotary, said he was at the Lake County treasurer's office last week and thought for a moment he was in St. Peter's church.

All I kept hearing, Gene said, was people saying: "Oh my God!" "Oh my God!" "Oh my God!"

We probably will be fined for passing along Mr. Zannini's joke.

I had to share the adjacent drawing with you. From an ad in a daily newspaper.

Look at the medium-sized lad lifting a ton of weights. And he's smiling casually as if it's nothing.

He's got to be having a hernia. Something inside has to be busting. But he just stands there and smiles ... he's so happy.

## HAPPENING

The Wednesday, Feb. 23, meeting of the north suburban group of the Sierra Club will be held in the Deerfield public library 7:30 p.m.

The evening's program, "Strategies for Action", will feature Michael Teeley, director of the Title IV environmental education project in Antioch.

Teeley works for the Antioch grade school district and is a member of the village planning commission.

## Monday is post office holiday

The Antioch post office will operate on a holiday schedule Monday, Feb. 21, in observance of Washington's birthday. Special delivery and normal lock box service will be available.

Mail will be collected from the mailboxes as late in the day as possible to meet first class mail service standards.

Normal weekend service will be provided on Saturday and Sunday, Feb. 19 and 20.

Life is a call to share in the world's making.

## Will Rick rock and roll again?

Dear Editor:

Rick Johnson, known as "Rick Rock 'n' Roll" to hundreds of students in Antioch Dist. 34, is in a predicament which affects every parent whose child attends the weekly Apache Parent-Teachers Teen Canteen held at the Upper Grade School.

THE TEEN CANTEEN is a weekly function that offers a variety of activities for sixth, seventh and eighth graders.

The program is funded by the students, supervised and managed by two teachers and chaperoned by parents and teachers. The three-hour program includes dancing, games and informal conversation outside of school hours.

RICK HAD BEEN the disc jockey since last year, giving the program a real uplift because of his enthusiasm and interest in working with students. However, he was willing to give up this extra activity to accept a job as Oakland Grade School custodian from 4:15 to 8:15 p.m.

The Teen Canteen hasn't been the same since he left.

The students who want Rick to return to the Teen Canteen have been circulating petitions for presentation to Ronald Chilcote, Dist. 34 business manager. They request he be allowed to work a split shift on Friday nights, allowing him to attend the Teen Canteen and then return to his job.

SINCE APT Teen Canteen is for the benefit of students and a definite asset to the community, it would seem unrealistic to think that the district would deny the request based on setting a precedent; however, that is exactly what has happened.

Many employers encourage their employees to actively participate in worthwhile projects and organizations. We encourage residents to voice their opinions to help Rick Johnson keep his job and provide a service to the community.

## The Time Machine

50 YEARS AGO: FEB. 17, 1927

An early hearing on state highway No. 173, the Zion-Benton road, was promised Tuesday by Gov. Len Samall at the close of more than an hour's conference with boosters for the road from Rockford, Harvard, Belvidere, Antioch and Zion. Gov. Small expressed astonishment at the volume of traffic shown by the figures and indicated that he understood the need of an east and west highway through northern Lake County, which would do much toward relieving the "bottled" traffic conditions here during the summer months. Antioch representatives were Frank R. King and John L. Horan.

After having examined 162 pupils at the Antioch grade school during the past week, 21 were found to be without a defect and 25 other pupils with only slight defects, such as being slightly underweight, according to a report made yesterday by Theda Waterman, county nurse. Twenty-one have defective vision, 95 defective teeth, 35 tonsils, 30 adenoids and 7 hearing.

Mickey says, "When th' time comes that we kin pay fer our paper and ink with 'thanks,' then 'thanks' will be pay enough fer publishing resolutions, cards of thanks, ads for church suppers and a raft of such things like that. Meantime, we are gonna charge for 'em. Why not?"

20 YEARS AGO: FEB. 14, 1957

George E. Kellogg, Timber Ln., has filed a petition as an independent candidate for Antioch village trustee. John C. Olsen will oppose Henry J. Rentner for township assessor. Louise R. Vos and Lillie M. Petty are candidates for the two positions on the library board.

Nick Badame today established his new taxicab service with his stand at Lake and Main streets beside the D-X service station. With a new 1957 cab, Badame is prepared to give good service. He has operated a cab in Chicago for the past six years, but now lives in the Antioch community and prefers to give service to his home territory.

10 YEARS AGO: FEB. 16, 1967

Latest to file for Antioch village trustee positions are Richard Daniel, Eugene Diemer and Charles Cermak, all as independents.

Annie Mae says, "With Joe Sterbenz qualifying for the Lake County Sweet Sixteen bowling tournament this Saturday in Waukegan, lovely wife Marilyn is getting gypped out of the annual Lions Club ladies nite. Good luck anyhow, Joe."

Antioch could do no worse than a co-title in the Northwest Suburb conference after their two wins last weekend. The Sequoits defeated Warren, 59-39, and Round Lake, 86-61. Tyrone Walls and Jerry Whitson were given the top defensive jobs and each did an outstanding job. This weekend they'll face Wauconda and Lake Forest here. They now have a 12-0 record in conference play.

When you're happy,  
it's a smile world after  
all.

## Hall of Fame is the loser, not me

By JERRY PFARR

I have received my annual letter from the Marquette University alumni association, asking for another contribution.

Sorry, Marquette, but this year I'm not giving you any money.

You see, I'm a little angry at my alma mater. It seems they have added some more names to the university's hall of fame and, once again, I have been overlooked.

Perhaps Marquette has forgotten, but I hold the school record for

smashing the top plank off high hurdles. The track coach finally asked me to quit because the school's athletic budget couldn't stand the cost of replacing the hurdles. (Someday I'll be glad to show you my badly scarred left knee — the one that was bruised and bleeding after every race.)

One day I did cross the finish line first, ahead of the sprinters in the 100-yard dash — but, you see, I was just finishing the 120-yard hurdle race which had started several

minutes earlier. Right spot, wrong race.

Oh yes, I also hold the all-time Marquette record for oversleeping and missing bus trips (spent a frustrating weekend in Peoria, Ill. for example, while the rest of the team was riding back to Milwaukee) and I think my record of 46 times still stands for spearing teammates in the calves with javelins.

Don't have many friends left.

Another of my specialties at Marquette was the running high jump. I'll never forget the Drake Relays and, believe it or not, Dennis Weaver and Johnny Mathis were among my competitors.

It was a rainy day and the high jump takeoff was muddy. I ran up to the crossbar three times and tried to spring into the air, but skidded in the mud and landed flat on my back before about 30,000 cheering spectators. (My back still bothers me.)

Marquette gave up football shortly after I graduated. I guess that 53-0 loss to Wisconsin convinced my school it no longer could compete in the big-time.

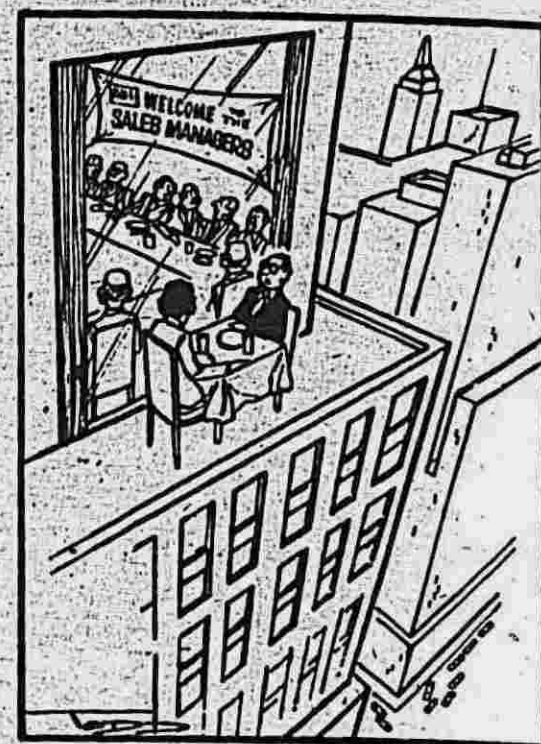

I did my best, however, as substitute quarterback. All six of my

passes were thrown accurately into the arms of waiting receivers. Unfortunately they all wore the bright red jerseys of Wisconsin.

I fared much better in basketball. Again, Wisconsin was our chief rival. Although I never earned a letter from Marquette, Wisconsin awarded me "W's" three years in a row.

"We should have phoned in our reservations a little bit earlier."

'Tis by our quarrels that we spoil our prayers.

## Precincts may change

Antioch's precincts and polling places may be changed before the 1978 elections.

Lake County Clerk Grace Mary Stern has proposed increasing the number of precincts and reducing the number of polling places in order to comply with state statutes requiring precincts have no more than 800 registered voters.

Mrs. Stern has met with Antioch and Avon township officials in response to redistricting requests from the county board's taxation and elections committee.

Frank Benes of Antioch township precinct 4 reported last week on the meeting to village officials.

Antioch township's six precincts are proposed to increase to 15, arranged in four polling zones. Benes objects to the program,

saying it would be a disservice to the 7,543 township voters to have fewer polling places and a greater distance for some to travel to vote.

He commented to village officials he believes the proposed redistricting is primarily for the benefit of areas such as North Chicago, which does not have established polling places.

Antioch trustees, at the suggestion of Michael J. Haley, went on record that they prefer "precinct boundary lines that affect the environs of the village of Antioch to follow village boundary lines." They did not state an opinion on the number of precincts.

Before the proposed plan is put into effect, more meetings will be conducted between Mrs. Stern and township officials in the county.

### ENGAGED

A May 28 wedding is planned by Miss Diane Hunt of Antioch and Ron Luth of Fontana, Wis.

The marriage will take place at the Faith Lutheran Church of Antioch. Diane's parents, Mr. and Mrs. Oliver Hunt, made the announcement.

Diane and Ron both attended the University of Wisconsin at Stevens Point.

Miss Hunt is studying for a B.A. degree in business administration and is employed as a secretary at the university.

Her fiancé, who is the son of Mr. and Mrs. William Luth of Fontana, was graduated from the University of Wisconsin. He is employed by Stevens Point Concrete Co.

### Sign law hearing

The Antioch zoning board of appeals has announced Thursday, Mar. 3 as the date for a public hearing on amendments to the sign ordinance.

Last Wednesday the village board met to officially submit proposed changes. Final

action is expected at the Mar. 7 regular village board meeting.

Changes include: frontage required for a

free-standing sign, re-definition of sign area and roof sign, simplification of permit fee and deletion of brand name restrictions.

# How Olson Implement has grown since '52

In February of 1952 the two Olson brothers, Stew and Jim, sold their cows and chickens from their farms in Grayslake, Ill. and Bassett, Wis., and purchased the International Harvester Franchise from Joe and Dan Shehan.

When they came here, Antioch was a small rural town with a population that multiplied during the summer months due to the Chicago-owned summer homes on the Chain of Lakes. The main source of income, however, was the farms surrounding Antioch.

The Olson brothers say they made their living within a 15-mile radius of the town. They also recall how slow and simple the pace of life was at that time. A man's word was sufficient to cement any deal no matter how large the commitment.

The winds of change were already seeded though, and the end of World War II sent a lot of restless boys home not content to be back on the farm. After all, they had been in Paris.

NEW SIDEWALKS WERE paved, new street lights were installed and new subdivisions were popping up all over.

The change in the farm equipment business was dramatic. The old farmers couldn't wait to sell their farms and retire to the city. Investors were buying the farms and renting them or hiring people to run them. The old hand-shake on a deal was over. Car dealership became a money-making business, and chain stores were moving in to capitalize on the growth.

STEW AND JIM OLSON changed their business, majoring in truck sales to fill the need for hauling gravel, cement, dirt, lumber, etc.

In 1963, the 352 Depot St. home of Stewart Olson Imp. Co. became too small. The Olson brothers bought land on Rt. 173 and Deep Lake Rd. They moved the business north of town on Hy. 83 for a year while their new building was erected.

In Feb., 1965, the business opened in its present location. From cows and chickens to the jet age in 25 years.

The two Olson brothers don't claim to be so young and vibrant but are much wiser for the years displaying their 25 years of meritorious service for International Harvester and the community.

The owners chide some of their employees who were not even born when the business was opened in 1952.

"The future looms bright. There is still a need for farm equipment, trucks, lawn equipment, and as the needs change so must we," they said.

## Second in contest

Students from Antioch Community High School were among the contestants from nine area schools to compete in a distributive education contest last Thursday at Lakehurst shopping center.

The local team placed second in the competition and will compete downstate this spring.

Second place: Mark Lewis, sales; Linda DiSilvestro, cluster. Third place: Cindy Richter, display.

## Pausing...

By BETSY ROSSEN

A few months ago, I sought a name for this column.

Unable to devise a clever play on words and hesitant to be needled about my name, I suddenly realized something. The time I spend thinking about and writing this usually weekly piece is when I momentarily set aside the routine of reporting, editing and photography... to pause a while.

Times have been hectic lately; the opportunities to pause, few.

I know now, though, that the minutes spent in quiet reflection and evaluation are not times lost but times invested. Keep busy, be organized, but don't underestimate the benefits of "Settin' a spell."

I am reminded of the quip, "Worry is like a

rocking chair. It's a nice way to pass the time but doesn't get you anywhere."

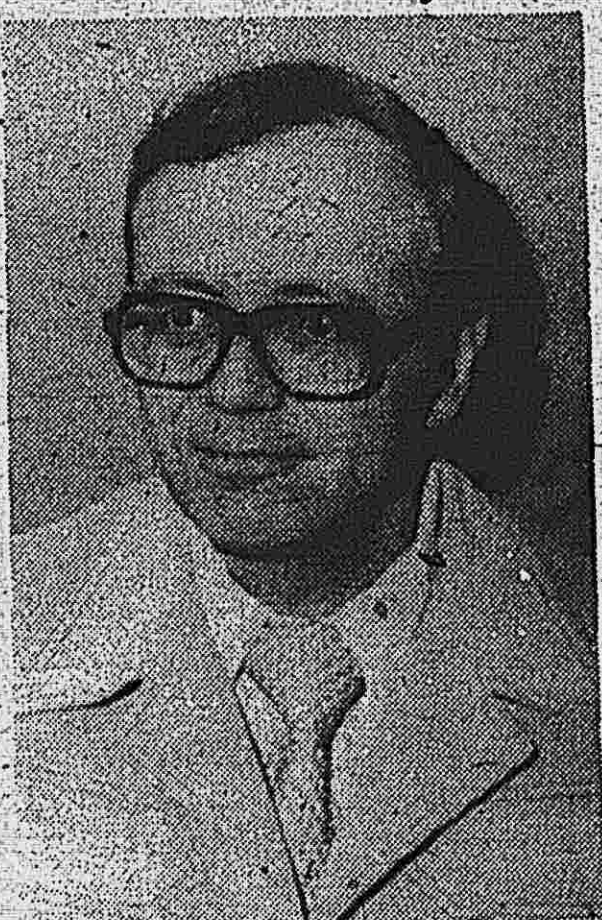

That's always been a good thought -- now scientific proof supports it. Ulcer research conducted in Chicago had to be revamped due to uncooperative subjects: the dogs refused to become tense and worry.

Even when an ulcer is induced in the canines by artificial methods, the doctor says they will plop down and slowly cure themselves by refusing to be bothered about anything.

Is such repose possible for us humans in this "dog eat dog" world?

My opinion: it's difficult but not impossible. Worry is a poor substitute for quiet thought and planning.

If you value the opinions of your companions, then take a lesson from "man's best friend."

DR. MARTIN E. BAURER

A physician and surgeon from Bakersfield, Calif., has moved to Antioch and will be opening offices here on Friday, Feb. 18.

He is Dr. Martin E. Baurer, a general practitioner whose location will be on the south side of the Heritage office building at 800 N. Main St.

Dr. Baurer said he will be accepting appointments by telephone beginning Saturday, Feb. 12. The number will be 395-2355. He will open his offices on the 18th and plans an open house for friends and the public on Sunday, Feb. 20, from 2 to 5 p.m.

Dr. Baurer and his wife, Joan, already have moved to Antioch and are living on Lake Marie. They have a son, Zachary, 16, and a daughter, Valery, 10.

## 'Sunshine Boys' gets opening night laughs

"The Sunshine Boys" brought a little sunshine and laughter into the lives of those who attended the comedy's opening night at the PM&L Theater last Saturday.

A near-capacity crowd obviously enjoyed the humorous situations and punch lines that are packed in this play by Neil Simon, better known as the author of "The Odd Couple."

"The Sunshine Boys" are two old vaudevillians being reunited after 11 years of separation to be a part of a television special on the history of the golden age of comedy.

The timing is interesting because on Monday of this week the play appeared on national television with Walter Matthau and George Burns starring.

On the PM&L stage the roles are played by Don Beveroth and Tom Hausman.

Beveroth, who also is the director of the Antioch production, has long been one of PM&L's finest comedians.

Hausman showed remarkable range by performing in "Sunshine Boys" as a refined comedian. Recently he was outstanding as the king in PM&L's "The Lion in Winter."

Others who added to the entertainment in "Sunshine Boys" are Larry Bersie, Dick Dyer, Ray Lewis, Henry Apostol and Ricky Apostol.

Not to mention Pam Guardi. She is outstanding as the "nurse" in Act 2, Scene 1 ... a very sexy scene punctuated with the funniest lines of the entire comedy.

When brought together for one last "hurrah," Hausman as Al Lewis and Beveroth as Willie Clark find in their old age they are constantly bickering.

Lewis sums it up when he tells Clark:

"We've had 46 years of ups and downs. I think we had one up."

But the ending will please you, because their soft appreciation of each other begins to come through.

Like a couple that has been married for 46 years, not always blissfully, but unable to live without each other.

More performances of "The Sunshine Boys" are scheduled Friday and Saturday, and again on Friday and Saturday, Feb. 25 and 26. Curtain time is 8:30 p.m. Reservations can be made by calling 395-3055.

## Astro-Analysis

By Sonia

**ARIES [March 21-April 19]**- Be realistic when considering new contracts or areas of business which require a commitment in writing. Although conditions are favorable for gains, good judgment is essential.

**TAURUS [April 20-May 20]**- Most projects can be handled successfully without the aid of others. Be wary of partnership offers, not a time to begin new associations.

**GEMINI [May 21-June 21]**- Stick to a routine that enables you to get obligations done and enjoy recreational pursuits as well. You are in a better position to gain new insight.

**CANCER [June 22-July 21]**- Unexpected events may develop which enhance social outcome. Agreements may not be reached just yet with companions, but go along with their ideas in a tactful manner.

**LEO [July 22-August 21]**- You get new incentive by concentrating on future plans. Those long-range goals turn out to be worthwhile pursuits. Stick to one cause until you've completed it.

**VIRGO [August 22-September 22]**- You can by-pass most obstacles, so let your enthusiasm aid in getting started with new interests. Utilize your time accordingly so there's ample time for romance, too.

**LIBRA [September 23-October 22]**- Don't allow differences of opinion to get you down; although some of your ideas seem far-fetched, you gain by getting things underway. Your views are more philosophical now.

**SCORPIO [October 23-November 21]**- Try to adjust to the temperament of demanding people; use your clever know-how to avoid arguments. Relatives play an important role in future activities so maintain a compatible association.

**SAGITTARIUS [November 22-December 21]**- Don't give in to those sudden urges of extravagance; think twice before spending, as unexpected financial obligations may crop up.

**CAPRICORN [December 22-January 20]**- You may have to come to terms with loved one over an issue which has left things unsettled. Make an effort to reach an agreement that's suitable for all concerned.

**AQUARIUS [January 21-February 19]**- Postpone making a firm commitment, especially in real estate deals. You prosper more now by getting involved in public relations. Maintain an active pace.

**PISCES [February 20-March 20]** Friends speak out in your behalf; you can also rely on their willingness to lend assistance. Protect your own self-image by steering clear of behind-the-scenes goings on.

## Fish caught here sets state record

The northern pike caught here by Robert Trusz of Chicago in September has been accepted as a state record.

The Department of Conservation made the announcement. Trusz caught a 22 lb. 12 oz. northern pike in Lake Marie on Sept. 19. It was pictured the next week in the Antioch News.

The conservation department said that fishermen in Illinois hooked five other state record fish during 1976.

The lake trout record fell on June 20, when William Hosking, Kenosha, brought in a 19 lb. 5 oz. fish from Lake Michigan to better the old mark of 17 lb., 5 oz. On Aug. 7, Marge Landeen, LaGrange, pulled a 37 lb. chinook salmon from Lake Michigan waters to eclipse the old record of 35 lb. 12 oz.

A RANDOLPH COUNTY farm pond proved the right place to be on Aug. 23, when Jack Sanders,

Chester, took a 28 lb. 6 oz. channel catfish, bettering the old mark of 28 lb. When Trusz hooked into his northern pike in Lake Marie he beat the old record of 20 lb. 5 oz.

The winners of the contest receive pins and certificates.

The state record fish contest runs from Jan. 1 to Dec. 31 each year. To be eligible for the contest, fish must be taken by hook and line from Illinois waters (excluding fee areas), weighed and certified in the presence of two witnesses on scales legal for trade, and confined by a Department of Conservation fishery biologist.

**ANSWER**  
Both. Under Illinois law, the property of each person will be disposed of as if such person had survived (other rules apply as to property owned in joint tenancy or under a survivorship agreement). Unless Mr. and Mrs. Smith make different legal provision for the possibility of simultaneous death (in their wills, for example), all of Mr. Smith's property will descend to his heirs, except Mrs. Smith, and all of Mrs. Smith's property will descend to her heirs, except Mr. Smith. This can be a real mess! Suppose, for example, Mr. and Mrs. Smith had a childless marriage but each had children by other spouses and wanted the children to share equally in the Smith's total estate. If Mr. Smith had \$1,000,000 of stock in his name, and Mrs. Smith had no assets in her name, Mrs. Smith's children could wind up with nothing.

This feature presents legal principles and problems. It should not be taken as a legal opinion or advice, which can be given only by an attorney after considering all relevant facts and circumstances.

## Along the way with ANNIE MAE

Though we seem to have received a fresh shipment of cold weather, local elections sure have heated up, haven't they?

And speaking of warmth, we received a lovely note from Jane Verkest of California, who wrote, "May all be well back there and a warm hello to family, friends, Annie Mae and my favorite paper."

Sure is great to hear from our readers ... and thanks for stopping by, Sally Derrig.

By the way, that location is close to our hearts because it was home for the Antioch News for 35 years, starting in 1931.

Jan. 25 was a big day for Olisars: it brought the arrival of their first grandchild, Wesley Ryan. The little guy's parents are Josephine (known in Antioch as "Sis") and Kevin Jarvis of Tacoma, Wash.

SEVERAL ANTIOCH PEOPLE enjoyed a delightful event at Marriott's Lincolnshire Resort last Wednesday. It was a fund-raising event for the Lake County Unit of the American Cancer Society. A fantastic dinner was followed by a delightful play, Ricardo Montalban starring in the romantic comedy "Accent on youth."

Janet Brook, Antioch's chairman for the Chancer Society, was nice enough to invite us along. The play runs through Mar. 27 and we suggest you see it. Call 634-0200 for reservations.

THE ANTIOCH LIONS club members and their wives will have fun Sunday in their 5th annual bowling tournament at Antioch Lanes. The bowling starts at 1 p.m. and the last we heard Gene Zannini was still looking for entries. His phone number is 395-4176. Trophies and prizes will be awarded at a dinner, beginning at 6 p.m. at Steve's Lounge.

## Loses 163 Pounds in 13 Months

*Credits Conway Diet Institute*

Mrs. Ginny Stancheck, a professional cake decorator, has lost 163 pounds in just thirteen months while following the Conway 1000 Calorie Diet. Mrs. Stancheck, who admits to more than a little sampling of her cakes over the years, was concerned about her health when she started on the Conway program. "I'm so glad I did. The Conway program provided not only a satisfying, nutritious diet but the educational support that I needed. I used to think food was so important. Now I know it's good health and the self-confidence that comes with success," says Mrs. Stancheck.

## Check for tax return errors

Some area residents will have their Federal income tax refund checks delayed because of errors made in figuring the standard deduction on their 1976 return, according to IRS Director Charles F. Miriani.

"WE ARE beginning to see 1040A returns coming into the Service Center with no standard deduction at all being taken, taking incorrect standard deductions or incorrectly taking the

maximum deduction," said Miriani.

Delays of up to two weeks result from special processing required as a result of the incorrect entries on the forms.

THE STANDARD deduction is an allowance used to reduce the adjusted gross income if the taxpayer does not itemize deductions. The deduction is normally the larger of the percentage standard deduction or the low-income allowance.

# Ice Fishing Derby is huge success

By CHARLES P. RAYMAN

Encouraged by the somewhat-delayed January thaw and almost perfect weather, more than 8,000 persons attended the 17th annual Ice Fishing Derby conducted by the Northern Illinois Conservation Club and the 885 Club, both of Antioch, on Channel Lake Saturday and Sunday.

The normally clear and windswept surface of the lake was converted to a small village of huts, fishing shelters and closely-watched ice holes and tip-ups.

Autos, vans and pickups further populated the fishing area and two young riders equipped their horses with ice shoes to make the scene even more colorful.

THE RACING SCHEDULE executed by the Midwest Sled Dog Club of Lake Villa was closely observed and photographed by amateur and professional camera wielders.

The large array of beautiful and well-trained Huskies, Alaskans and Malamutes presented many with their first view of these valuable animals in action.

Coupled with many sleek sleds worth hundreds of dollars each, the races provided a perfect example of sled dog racing over a course as long as 15 miles.

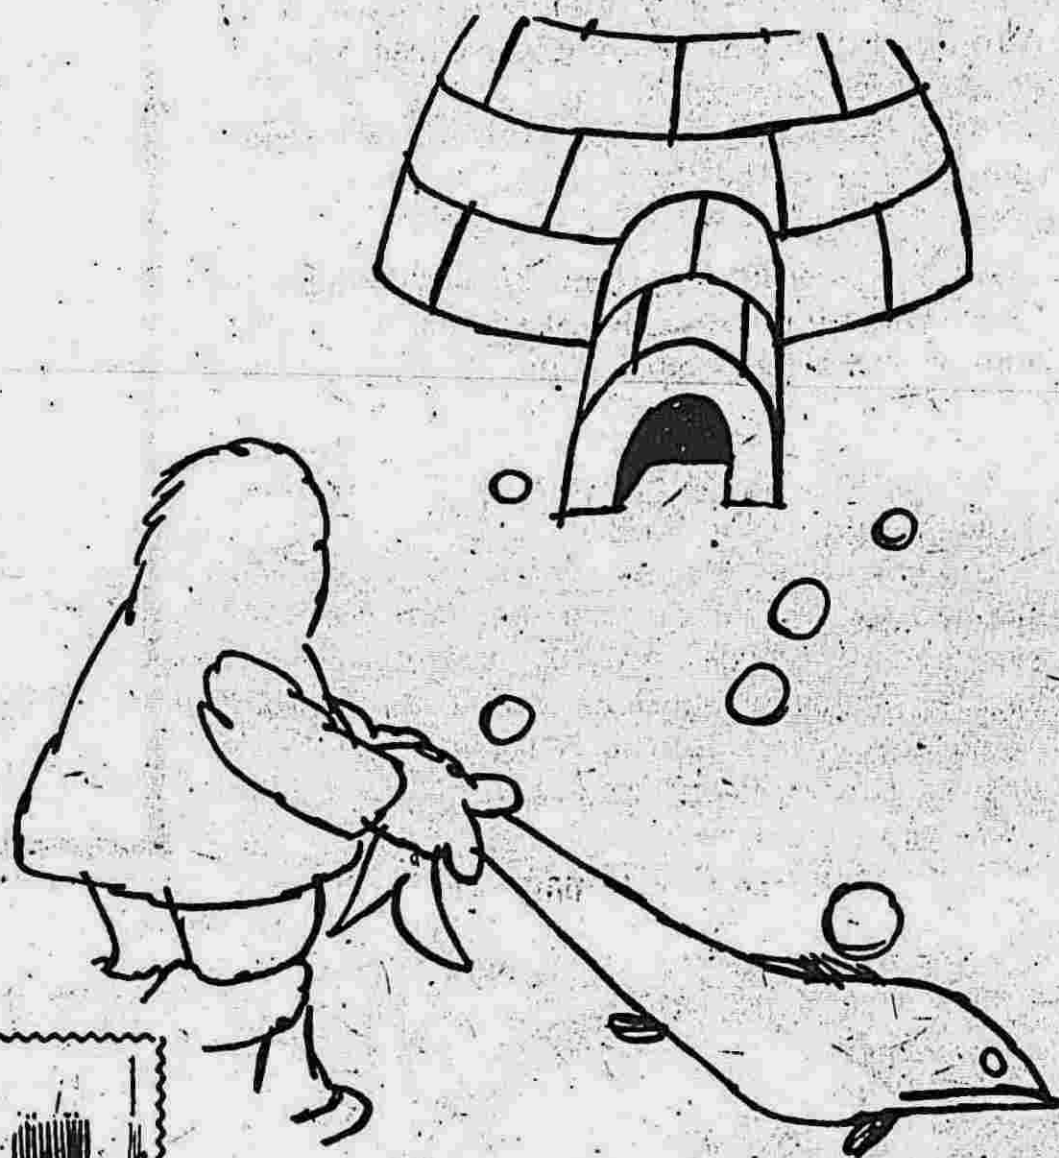

The warm weather on Saturday removed much of the necessary snow cover and the Sunday schedule was aborted in order to avoid injury to the dogs' feet on the ice.

In the fishing contests, Larry Polaski of Lake Villa caught a 27 1/4-inch northern pike to take the first prize for biggest fish on Saturday. Largest perch caught on Saturday was a 9-inch beauty taken by Don Hoesine of Kenosha.

Ted Freund and Walter Berg of McHenry, and Richmond took the largest bluegill with an 8 1/2-inch winner on Saturday.

Other Saturday winners were Don Perkins and Rich Edwards of Antioch with their 5-inch sunfish.

## Ice Fishing Derby successful again

Continued from page 16

Bob Freund, McHenry, came up with a largemouth bass only  $\frac{1}{8}$  of an inch under a foot long. Mark Adams, Bolingbrook, nailed a  $19\frac{1}{2}$ -inch catfish and the crappie winner was Bob Freund, McHenry, with a 9 and  $\frac{3}{4}$ -inch specimen. John Apple, Fox Lake, brought in a  $10\frac{1}{4}$ -inch striper to complete the tally.

Two-day winners for largest fish of the derby were Jim Taylor, Fox Lake, for his  $28\frac{1}{2}$ -inch northern pike; Gary Swanson of Wauconda for his 9 and  $\frac{3}{8}$ -inch bluegill; Dale Raven of Mundelein for his 9 and  $\frac{5}{8}$ -inch perch; Gary Bloom, Antioch, for a 10-inch bullhead; Jerry Bodell, for his  $10\frac{1}{2}$ -inch striper; Kurt Larson, Antioch, for a  $10\frac{3}{4}$ -inch crappie; Mark Adams, Bolingbrook, for his  $19\frac{1}{2}$ -inch catfish; Don Marcolini, Cicero, for his  $18\frac{1}{4}$ -inch bass and Rich Edwards of Antioch for his 5 and one-sixteenth inch sunfish.

In the women's fishing contest, Helen Dowell of Antioch became a 4-year winner in taking the prize again this year. The boys' contest was won by Ed Schuld of Antioch. Michelle Moser of Antioch and Marlene Edwards took top honors in the kids' contest.

With 30 to 38 inches of ice to penetrate, chisel contestants had a real challenge. On Saturday, Leonard Jenels of Gurnee emerged the victor, followed on Sunday by Joe Blasius of Round Lake.

After such battles with chisels in the ice, the winners in auger trials made it look easy and when Jean Rockow of Antioch won in 1 minute and 45 seconds she was followed by Marge Galvin of Cicero in the winner's circle for the ladies event.

Fred Krueger was first from Antioch on Saturday followed on Sunday by Cecil Lowell, Mundelein, in the men's auger event.

Sunday's winner in the ladies' auger contest was Marylyn Edwards of Antioch, followed by Marge Galvin, Cicero; Mary Ann Kaht, Antioch and Helen Dowell.

In the auger event for boys 12 to 15 years, Paul Quinn of Antioch beat his competitors on Saturday and Ed Schuld, Antioch, turned the trick on Sunday.

Winners in the men's sack races were wet, but happy Greg Collins and John Schuld, both of Antioch, Scott Peterson, Round Lake, and Mike Cass of Buffalo Grove. Winners in the ladies' sack races were Kathy Bailey and Susan Lemke of Antioch. Boys' sack race winners were Bryan Aronson, Antioch; Ed Schuld, Antioch, and Brad Larson, also of Antioch.

Three-legged sack race winners for men were John Apple, Fox Lake, and Howard Brandhaus, Hoffman Estates; and Jeff Brainfoy and John Christiansen of Antioch. A second race was won by

## 4 accurate forecasters in basketball contest

Local basketball fans had little trouble forecasting the outcome of last Friday's game here between Warren and Antioch.

Four persons predicted Warren would beat Antioch by eight points, which is exactly what happened.

So we had to use the tie-breaker, the Sequoits' Saturday night game at Round Lake, to determine the prize winners.

Antioch defeated Round Lake by 11 points.

After predicting Warren to beat Antioch by eight, Mary Furlan forecast that Antioch would trim Round Lake by 10. Kathy Hart also picked Warren by eight and then said Antioch would beat Round Lake by 12. So Mary and Kathy tied for first and will share the prizes, a \$15 gift certificate at Gibbs & Jensen's Carousel and a \$10 gift certificate from Andre's Steak House in Richmond. We'll have their prizes in the mail soon.

Third prize, a \$5 gift certificate from Rittenhouse & Embree Lumber Co., goes to Dee Maras, who picked Warren over Antioch by eight points and Antioch over Round Lake by nine.

Tom Gutowski also hit the Warren-Antioch game on the head, but said the Sequoits would beat Round Lake by only four points.

Missing the Warren-Antioch outcome by only a point were such experts as Kathy Toft, the previous week's winner; Walter H. Carlson, Mike Gutowski, Ron Vos, Gary Volling and Ken Cichon.

Another contest appears in today's Antioch News. Be sure to get your entries in by Friday at 5 p.m.

## Emmons' basketball team boosts record to 15-3

Emmons Raiders have completed their most successful basketball week ever.

After capturing the crown in the Antioch Grade School Invitational, the Raiders ran their record to 15-3 by downing the Big Hollow Warriors, at Emmons, 32-25.

Dee Maras dominated the offensive attack, scoring 19 of his 25 points in the first half. This gave Emmons a 19-8 advantage.

AN ALMOST IMPENETRABLE man-to-man defense held Big Hollow scoreless in the first quarter. Pete Weber shut off the Warriors' leading scorer, Bill Piatek, holding him to one field goal in the first three periods.

The visitors pressed throughout the game and drew to within five points with 3:22 remaining. Dan Johnson then drove the baseline to set up Maras for a three-point play and an easy lay-up. This was enough to cinch Emmons' victory.

IN CONVERENCE ACTION Emmons easily downed Millburn 49-24, Spring Grove 46-8, Lotus 40-27 and Newport 76-52.

In the Millburn game Emmons was led by Maras with 16, while Weber added 12 and Johnson 9. Weber hauled down 11 rebounds and Maras 10.

Spring Grove proved little opposition. Maras shot in 15 points and Gary Volling hit 10.

Weber led the offensive attack against Lotus with 11 points and Maras added 9.

In the small-Newport gym, Weber exploded with a season high 39 points. Maras added 16 and Johnson 13. Johnson grabbed 16 rebounds followed by Maras with 13 and Weber with 15.

### 3 Antioch wrestlers earn sectional berths

Three Antioch High School wrestlers have qualified for this weekend's state sectional tournament at Barrington.

Marvin Gibson, 112 pounds, and John Kakacek, 132, won district championships last Saturday. Rich Gorski also qualified for the sectional by placing second in the district meet. Gorski wrestled at 185 pounds in the district tournament at Woodstock.

"Gibson was impressive in scoring two first-period pins and 5-0 win in the championship match," said Coach Ted DeRousse. "His first match in the sectional will be against Joe Green from Dixon. Marvin's chances for advancing to the state tournament look good."

"Kakacek put together a fine tournament at Woodstock," DeRousse said. "He defeated three outstanding opponents. In the semifinals he

JOHN KAKACEK

defeated Jeremy Hecht of Woodstock 7-1. Last week in the conference tournament, John lost to Hecht 2-0."

Kakacek's record is now 28-6 and he will be one of the wrestlers to beat in the sectional meet at Barrington. His father, also named John Kakacek, is the superintendent of the Emmons grade school district and a part-time professional wrestler. He formerly was a wrestler and football player at Marquette University in Milwaukee.

Young John's grandfather, Jim McMillen, was a professional football player and wrestler before becoming mayor of Antioch some years ago.

Gorski gained a place in the sectional tournament the hard way. He lost to the district champion, Joe Kennedy of Cary Grove, 6-4, then wrestled his way back to a second place finish.

Other Antioch wrestlers who scored points in the district were Randy Larsen, 119 pounds; Geoff Nordstrom, 155; and Rich Dauck, 167, all finishing fourth in their weight classes.

Grant, which won the conference meet a week earlier with Antioch a close second, also won the district title by piling up 114 points.

Round Lake was second with 96, Crystal Lake third with 79 and Antioch fourth with 63½.

The top two finishers in each weight class at Barrington will qualify for the state tournament, Feb. 25-26, at the University of Illinois.

## How to get your car unstuck

February always brings with it a lot of sloppy winter weather. The coming of spring brings even more. This sloppy weather can cause your car to get stuck - an embarrassing, frustrating and sometimes dangerous situation.

If you can't avoid getting stuck - or even if traction is poor although you're not really stuck - the Chicago Motor Club-AAA has this advice to get your car moving again:

**STEADY PULLING** and moderate power, not speed, are the important objectives when traction is poor. When your car's wheels are stuck in mud, deep snow or sand, apply power slowly.

Keep the front wheels pointed straight ahead so the car can move in a straight line. If you can't go forward, try backing out, steering in the tracks that the car has just made.

With a standard transmission, start the car in a higher gear than usual. This helps prevent wheel spins. Ease along gradually, accelerating just enough to keep the engine from stalling. Keep the car in steady motion when driving in mud, snow or ice by shifting to a lower gear in advance.

**YOU MAY** find it necessary to "rock" the car when it is stuck. To "rock" a car, start slowly in low gear. When the car will go no further, shift rapidly to reverse, backing until the wheels start to spin. Then shift quickly to forward or low gear. Repeat this procedure in rapid succession.

Each "rock" should move the car a little further out of the hole. Remember, the rocking action must be done with the minimum use of power to prevent wheels from spinning and digging deeper.

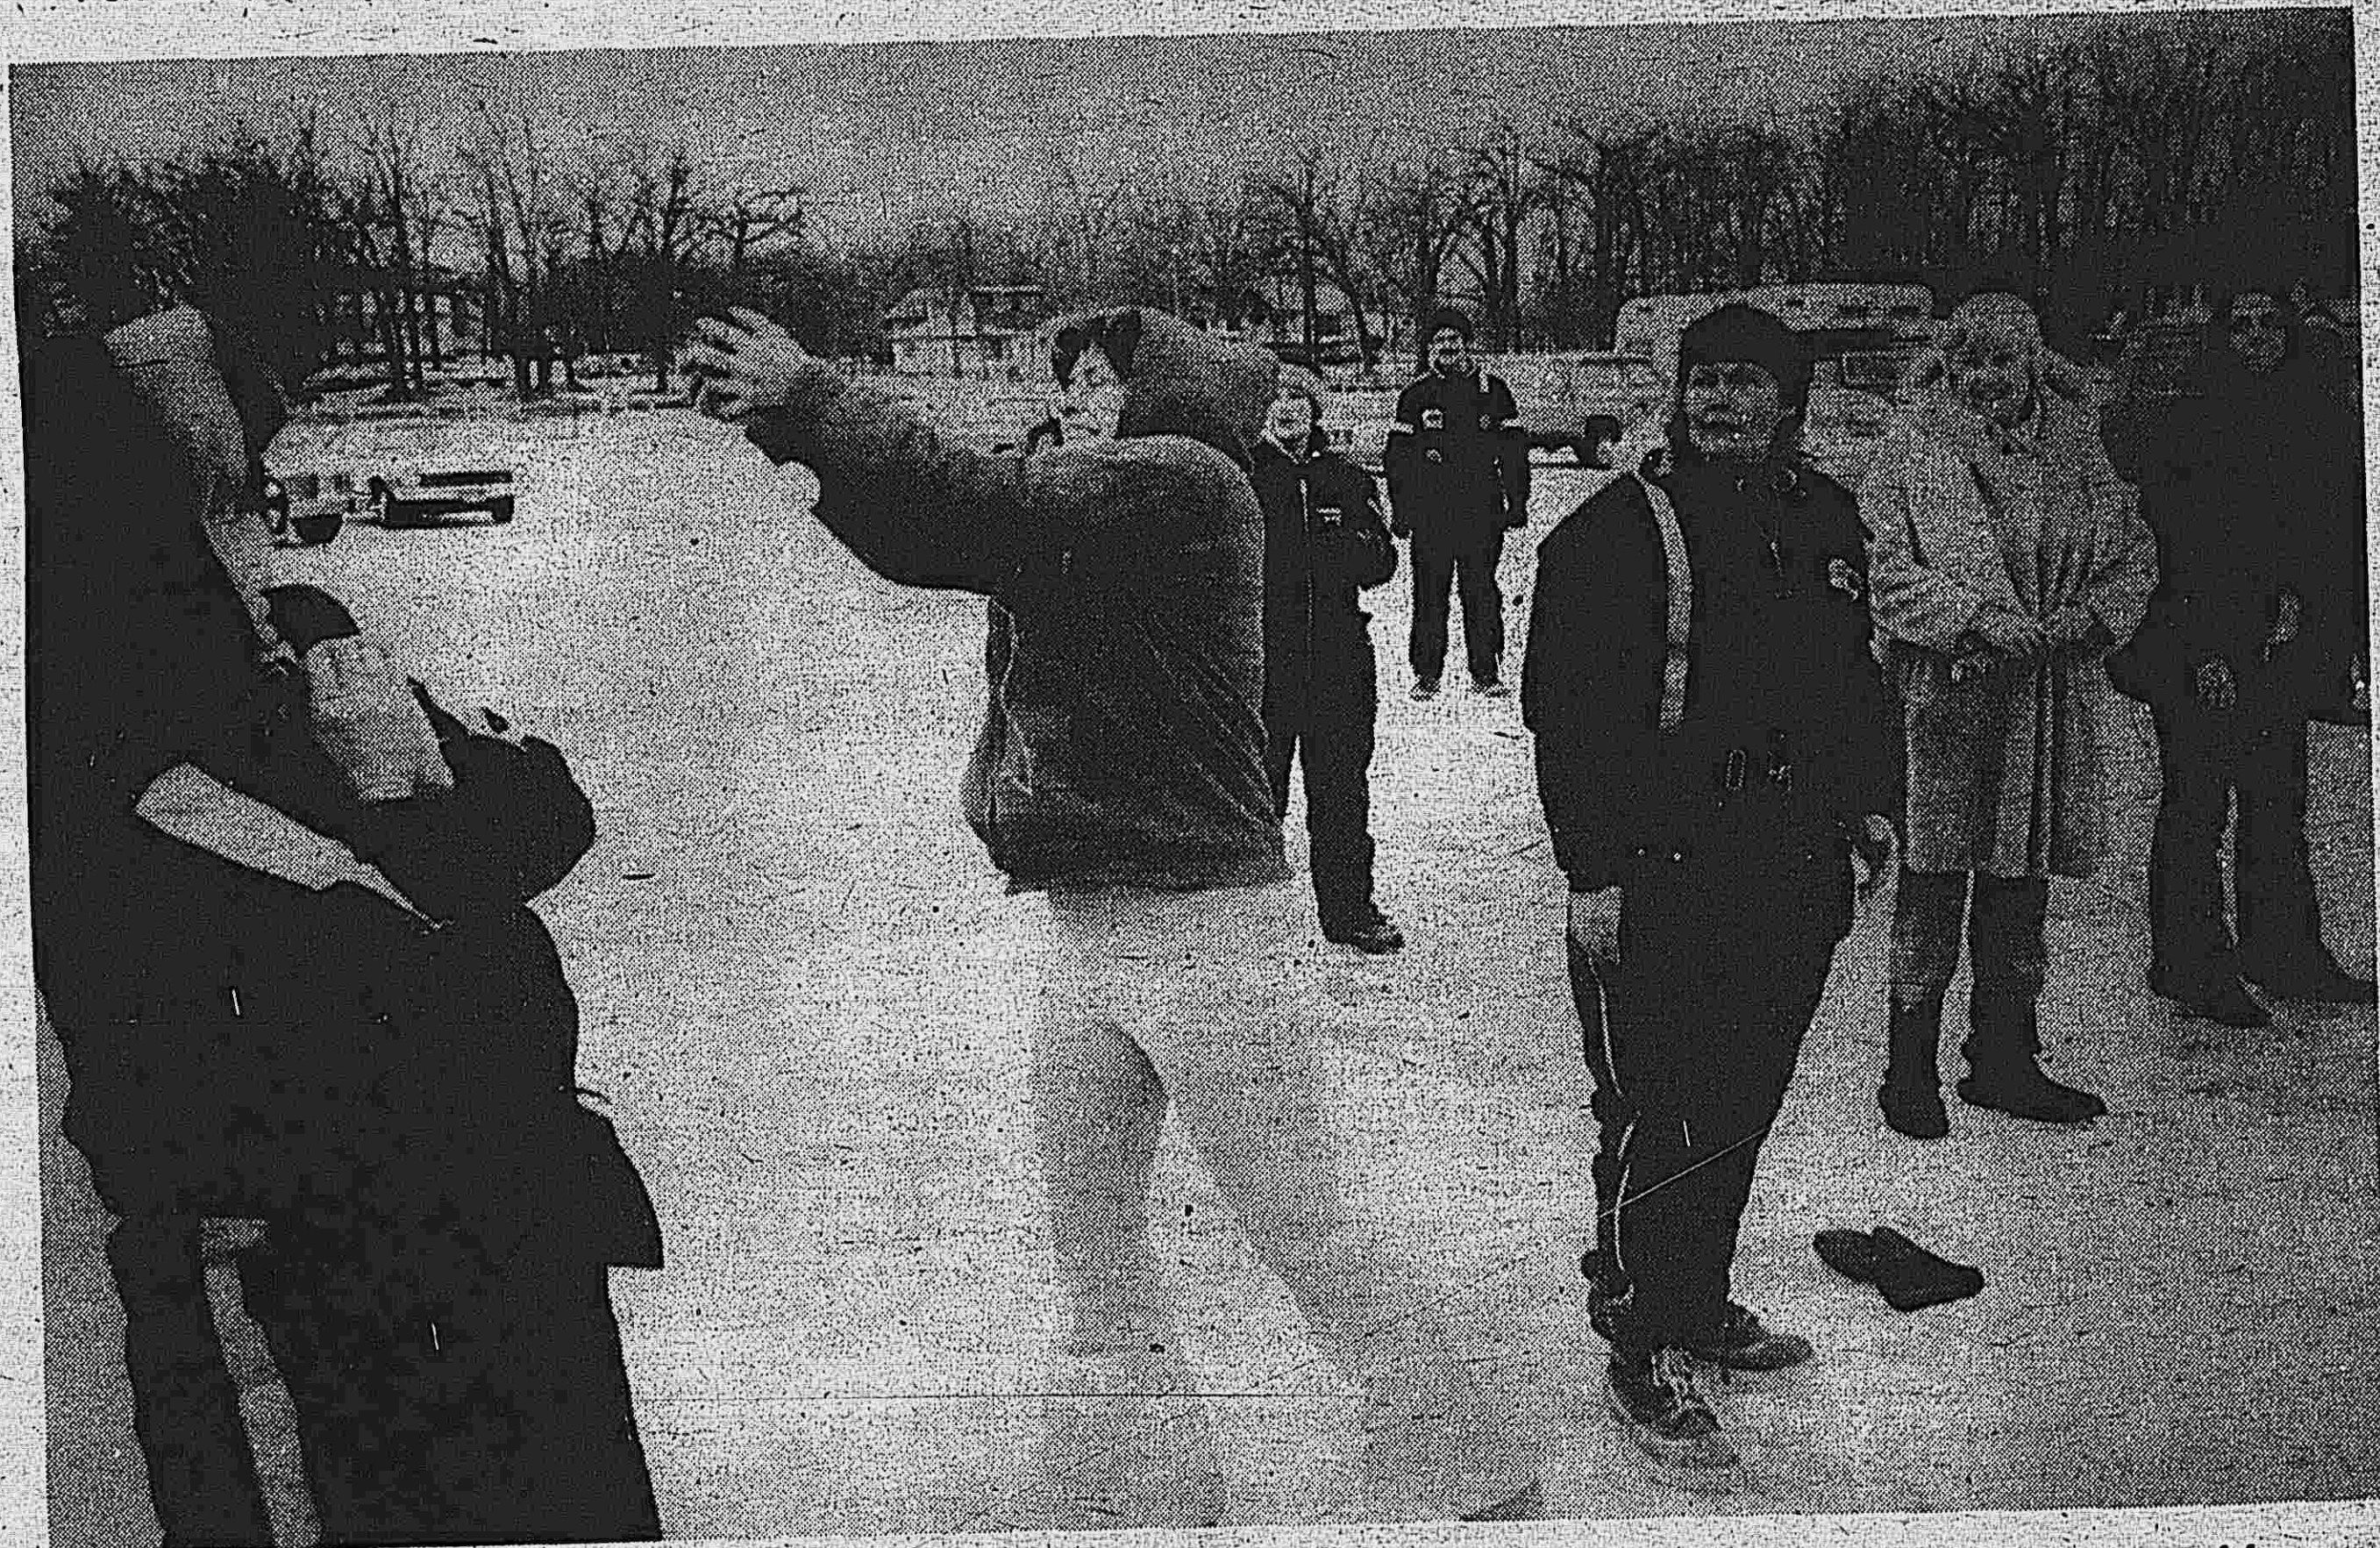

**IF THE** wheels merely spin, find some suitable method of creating traction under the rear tires. Any rough material - such as gravel, cinders, burlap or even branches - will help. You may have to shovel a path in front of the wheels. For this reason, motorists are advised to keep a bucket filled with some kind of abrasive in their trunk, along with a shovel.

Remember, for most cars you need traction at both rear wheels - if only one spins, you're just as stuck as if both are spinning. If you take the necessary precautions, you can save yourself a lot of time and frustration while driving during the remainder of this winter.

A 28-INCH NORTHERN PIKE, caught by Jim Taylor of Fox Lake, is displayed by Helena Singer at last weekend's

Ice Fishing Derby, sponsored by the Northern Illinois Conservation Club and the 885 Civic Club of Antioch.

PART OF THE FUN at last weekend's Ice Fishing Derby on Channel Lake was the egg-throwing contest. This lady made a catch that would have brought applause in Wrigley

Field while the other contestants wore expressions of fear that the egg would break in her hands. It did.

## Ice Fishing Derby

Continued from page 17

Fred Krueger and Ed Schuld of Antioch. The girls' sack race events were taken by Debbie Bailey, Patty Retford and Michelle Ramer, all of Antioch.

Unspattered winners in the men's egg-throwing events were Ralph Mendocino and Paul Zein of Antioch on Saturday, followed by John Apple, Fox Lake, and Howard Brauhead, Hoffman Estates, on Sunday. Second place was taken by Dale Nielsen and Paul Krueger of Antioch. In the mixed egg-throwing events, winners were Mike and Kathy Bailey of Antioch and Rich Becker of Lake Villa, and Mary Ramage, Antioch.

The sharp-eyed estimate by Carol Dody won in

the minnow-guessing activity. She guessed there were 237 minnows and the actual count was 239.

The oddest shack prize was taken by Ray Edwards of Antioch, and Art Wertz of Antioch had the most colorful shanty. The "laziest fisherman" was Jack Armstrong of the Tarfu Club, followed by Pete Wyler.

When those in attendance spotted the airdrop of 300 styrofoam minnow buckets, arranged by Ev Oftedahl of Frostee Foam, the chase was on and most of the valuable and utilitarian buckets were retrieved.

At 3:55 on Sunday, two signal rockets announced the final drawing for the top prizes and the lucky winners were Pat Blackowitz, Lake Villa, who had the ticket on the home entertainment center,

Roberta Knirsch of Antioch, who held the ticket for the Las Vegas trip.

Elmer Eberman, Antioch, won the bicycle; the auger winner was Ray Egan, Antioch; Robert Kulian, West Chicago, took the rototiller and Tina Wall, Antioch, won the rifle.

Hilda Stern, Antioch, was pleasantly surprised to win the Charmette grille and Dick Gans, Lake Villa, took home the giant schefflera plant.
